Gli ambienti in cui viviamo sono sempre più caratterizzati da un'idea di movimento, versatilità e trasformazione. Un dinamismo intrinseco che si unisce al desiderio di sentirsi accolti, in un abbraccio di sensazioni calde ed avvolgenti. Il living cambia in pochi attimi il suo ruolo e le sue funzioni, passando con disinvoltura da spazio giorno a spazio notte. La stanza degli ospiti diventa l'espressione di uno stile al tempo stesso raffinato e spontaneo, uno scenario nel quale sentirsi a casa. Creatività ed ingegno si uniscono in realizzazioni che si distinguono per la loro capacità di soddisfare ogni desiderio e necessità, con forme ogni volta diverse e con una qualità unica.

The environments we live in are increasingly characterised by the idea of movement, versatility and transformation. An intrinsic dynamism that is combined with a desire to feel welcome, in an embrace of warm and enveloping sensations. The living room changes its role and functions in a matter of seconds, switching easily from a living area to a sleeping area. The guest room becomes the expression of a style that is both refined and spontaneous, a setting in which to feel at home. Creativity and ingenuity come together in products that stand out because of their ability to satisfy any desire or need, with shapes that are different every time and with unique qualities.

## design bolzan LAB

La sua razionalità geometrica esprime la migliore cultura dell'arredo contemporaneo: stiamo parlando di Point, un progetto che non concede nulla al superfluo, concentrandosi sull'essenziale. La base, dal volume generoso, può contenere un materasso con meccanismo integrato che permette di trasformarlo in un comodo letto singolo o matrimoniale in pochi attimi. L'interno può essere attrezzato anche con contenitore dove trovano spazio i cuscini e la biancheria. Il massimo della funzionalità, nel minimo spazio.
